Fundraising

Host a movie night at Smitty's and we will split the admission sales with your non-profit organization. A successful event at Smitty's could net your organization over \$1,500 in just one night! It's as simple as 1, 2, 3...

1. Choose a night for your event.

Sunday through Thursday: The event must be confirmed with our function coordinator (1-888-580-2211).

2. Distribute your fundraiser cards.

Smitty's will provide cards to you with your organization's name and the date of your event for a deposit. You can make your own cards using Smitty's guide lines and approval. Give these cards out to anyone interested in attending the event and supporting your cause.

3. Hand in your card, pay for admission and enjoy the show!

The night of your event, the fundraiser cards will be collected at the ticket counter when your supporters pay their admission. At the end of the evening, the cards will be totaled and your organization will receive a portion of the admission sales based on the number of cards turned in. If your event brings in 100 or more guests, we will give you 50% of our admission sales. If your event brings in 50 to 99 guests, we will give you 25% of admission sales.

Smitty's Fundraiser cards are not admission tickets. Your event supporter must pay full adult admission price the night of the event in order to turn in their fundraiser card, no child, senior, or discount prices will be counted. Fundraiser cards cannot be distributed at the door on the night of the event. Your Fundraiser cards will be mailed to you within 10 days of booking your event.

Customers can see any movie showing that night. Your organization will receive a check within 14 days of the event. No money will be given out the night of the function.
